I am doing my 2 year dual diploma in hotel management from MAA SCHOOL OF HOTEL MANAGEMENT CHENNAI INDIA .it was referred by my boss. When he told about this course, I thought that I will not be useful for me but with the time and class I have come to know importance of this course. It's happen because of my teacher Madam Bharathi Devi. This course is helping me in my day to day operations. Thanks to madam for showing me, encouraging and giving confidence about how to stand my ground and have the kind of career that I can be proud off. I count myself lucky for having had your mentorship. And I highly recommend my other fellows to join MAA School and gain knowledge and get grown up in their career, once again thank you very much MAA school and management to design such School and courses.
